**Brother Satyananda**

Live according to your heart. Choose to infuse life with spiritual aspects.

A chaotic life can be a holy life – it's our attitude that creates a peaceful life.

Luke – Good Samaritan Story

Show love to all and you'll realize the eternal, changeless spirit in yourself and others. Love God first and give that love for all.

Offer our love first to God – then we can learn to love. We will learn a wiser love. We will then learn to serve others as we serve ourselves.

Invest your humanity. Help others.

Seva – noble good actions performed as an act of devotion for God.

Purity of purpose – September spiritual homework.

Love God first.

Give that love to all.

Meditate first.

Then Act.

Know that you have served God alone. This will help you to feel less chaotic – and you won't react to being unappreciated!!!

The higher we rise, the less important our needs become.

Our good works have a renewing quality. Others will want to serve. Pay it forward. Reciprocating spirit of Seva. The work of angels.

Dwapara Seva – souls helping souls.

SRF Aims & Ideals – in end of each book.

Guru Seva – purifying service by making offerings within to the Guru.

Encouragement is a very specific way to serve God and Guru.
